

# FIRST PLACE HURDLE INSTRUCTIONS

(FOR ALL FIRST PLACE HURDLES)

*Everything Track & Field*

Step 1: Grab one colored tube and position so that the black Ultramid board holder is facing up.

Step 2: Position the colored tube so that the drilled holes on the side face the inside of the hurdle base.

Step 3: Slide the colored tube down over the upright post of the hurdle base. When properly aligned, the spring button will pop through the first hole in the colored tube.

Step 4: Slide the tube all the way down to the lowest height setting. **NOTE: The tube must be at the lowest setting to properly install the hurdle boards!**

Step 5: Repeat Steps 1-4 for the other tube on the hurdle base.

Step 6: Slide the board into the slots on the black Ultramid board holders and line up the holes.

Step 7: Slide the two bolts through the holes on one side and hand tighten loosely.

Step 8: Repeat Step 7 on the other side.

Step 9: Slide the hurdle tubes up and down to ensure that they move smoothly.

Step 10: Tighten all four board bolts so they are snug. **NOTE: Do not overtighten these bolts!**
